Outline

- Demand
 - Students
 - Labor mobility
- Feasibility
 - Current qualification system
- Long way to go

Demand

- There were about 80% secondary VET students wanted to study to higher Education in year 2011. (CIVTE survey 2011)
- There were 3.334 million students studying in foreign countries in 2008, about 70% higher than that in 2000 (OECD Education Report (2010))
- There were 223,499 students studied in china in 2008, and 510,842 Chinese students studied in foreign countries.

Labor export table in China

Year	Labor export
2000	425667
2001	475176
2002	489622
2003	524844
2004	534140
2005	563485
2006	675149

Chinese qualification system

NOS in China

Criteria of levels of NOS

levels	criteria
5	Basic skills, routine tasks;
4	Basic skills fluently, routine tasks; specialized skills, a little complex tasks; cooperation;
3

1	

Efforts to establish NQF

- Policies
 - Mutual recognition between China and foreign: EQ, OQ;
 - Mutual recognition between educational qualification system and occupational system;
- Research
 - National research program
- International experience
 - EQF, DQF, AQF, QCF, MQF, etc.

Long way to go

- Administrative issues
 - MOE
 - MOL
 - Etc.
- Technical issues
 - Criteria
 - Levels;
 - Transfer
 - Etc.

Thanks!
