“SELAMAT DATANG” & WELCOME

It is a pleasure to once again say *Selamat Datang* (Welcome) to Malaysia and to the 2nd Asia-Europe Institute (AEI) - ASEM Summer School from 7th - 21st August 2016.

The AEI-ASEM Summer School is an on-going initiative to enhance balanced mobility in line with one of the decisions of the Fourth Ministers of Education Meeting of ASEM countries (ASEMME 4) held in Kuala Lumpur in May 2013. The AEI-ASEM Summer School for 2016 has the theme '**Multiculturalism and Multiethnicity in Asia and Europe**' encompassing socio-cultural and socio-economic issues in the two regions. It is hoped that this summer school will help to foster Asia-Europe ties through a deeper understanding of both regions' national and cultural heritage.

We look forward to welcoming you to this event!
