Asia-Europe Meeting

ASEM WG 3

Status of the Program

Oslo 19-21.05 2014

UNDERVISNINGSS
MINISTERIET
THE MINISTRY
OF EDUCATION

Our justification

Fourth Asia-Europe Meeting of Ministers for Education (ASEMME4) /Kuala Lumpur, 13-14 May 2013

Strategizing ASEM Education Collaboration

The Ministers: (point 34)

- **Expressed their conviction** that innovative and entrepreneurial skills and competences should be fostered from an early age **and endorsed Denmark's proposal** to develop a programme for improving innovative and entrepreneurial skills and competences in school education, in cooperation with Brunei Darussalam, the Czech Republic, Latvia, Malaysia, Norway, Republic of Korea, Singapore and Viet Nam. (Hungary/Philippines)

Rationale of the program

The program shall collect, present and communicate new learning opportunities where the primary, secondary and vocational school sector”:

- Approach the urgent *need* to encourage children and youth to become the future innovators/entrepreneurs of community.
- Elaborate *Policies and practices*, which contribute to develop innovative competences, and ensure the sustainable growth of business and community life in ASEM countries.
- Present “best practices” of Innovative Competence/Entrepreneurship Programs.

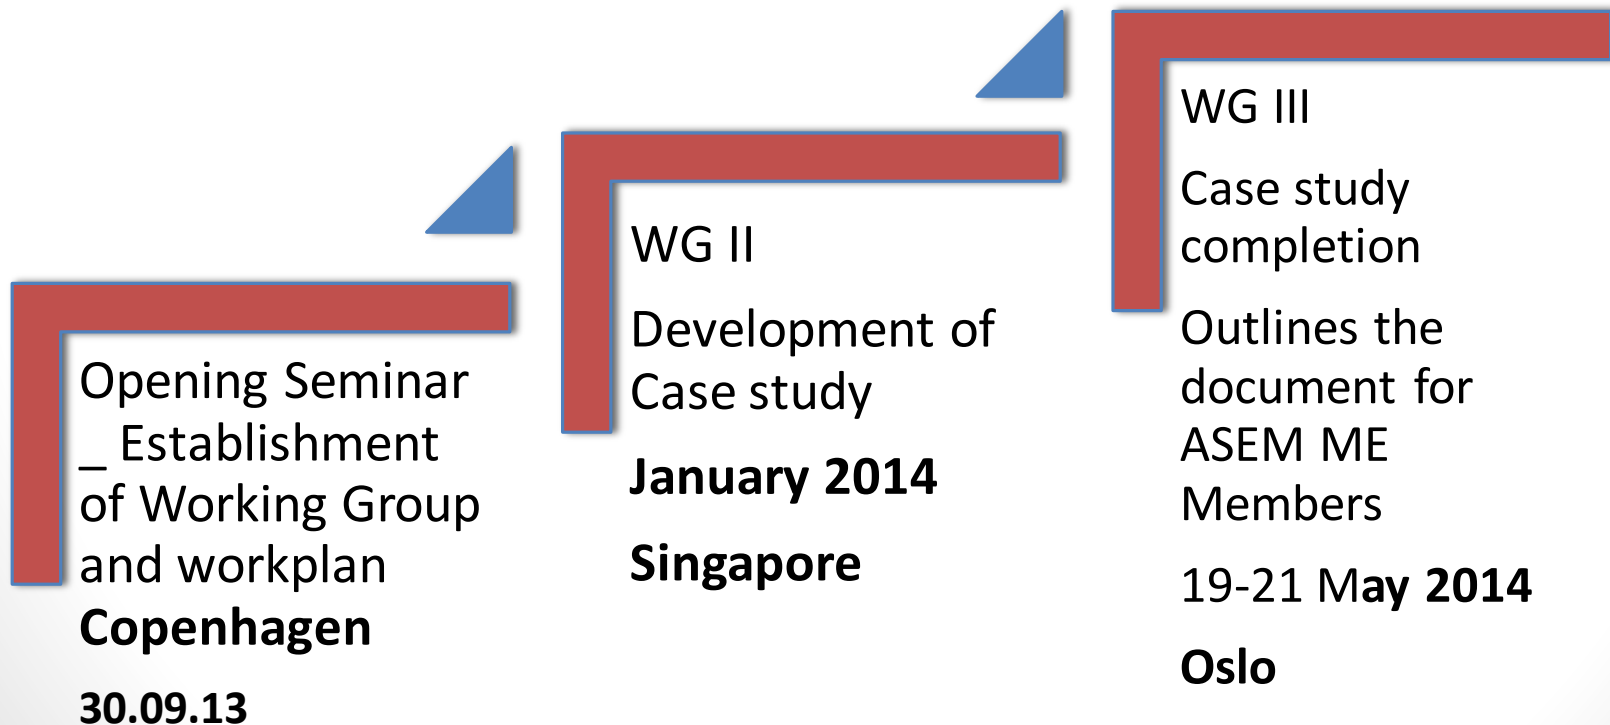

Outcome of the program in summary.....

- Collect (casestudy) and communicate (conference/recommnedations) how children and youth can be supported to become the future entrepreneurs and innovators of community.
- Display "best practices" of Innovative Competences, which have a positive impact on the world of work and the community development. (conference/report/wg)
- Contribute (conference/wg exchange) to develop a *cross cultural(ASEM) understanding* of what Innovative Competences are.
- To clarify (recommendations) what ensures *the educational contribution* to sustainable growth of business and community development in the ASEM countries.

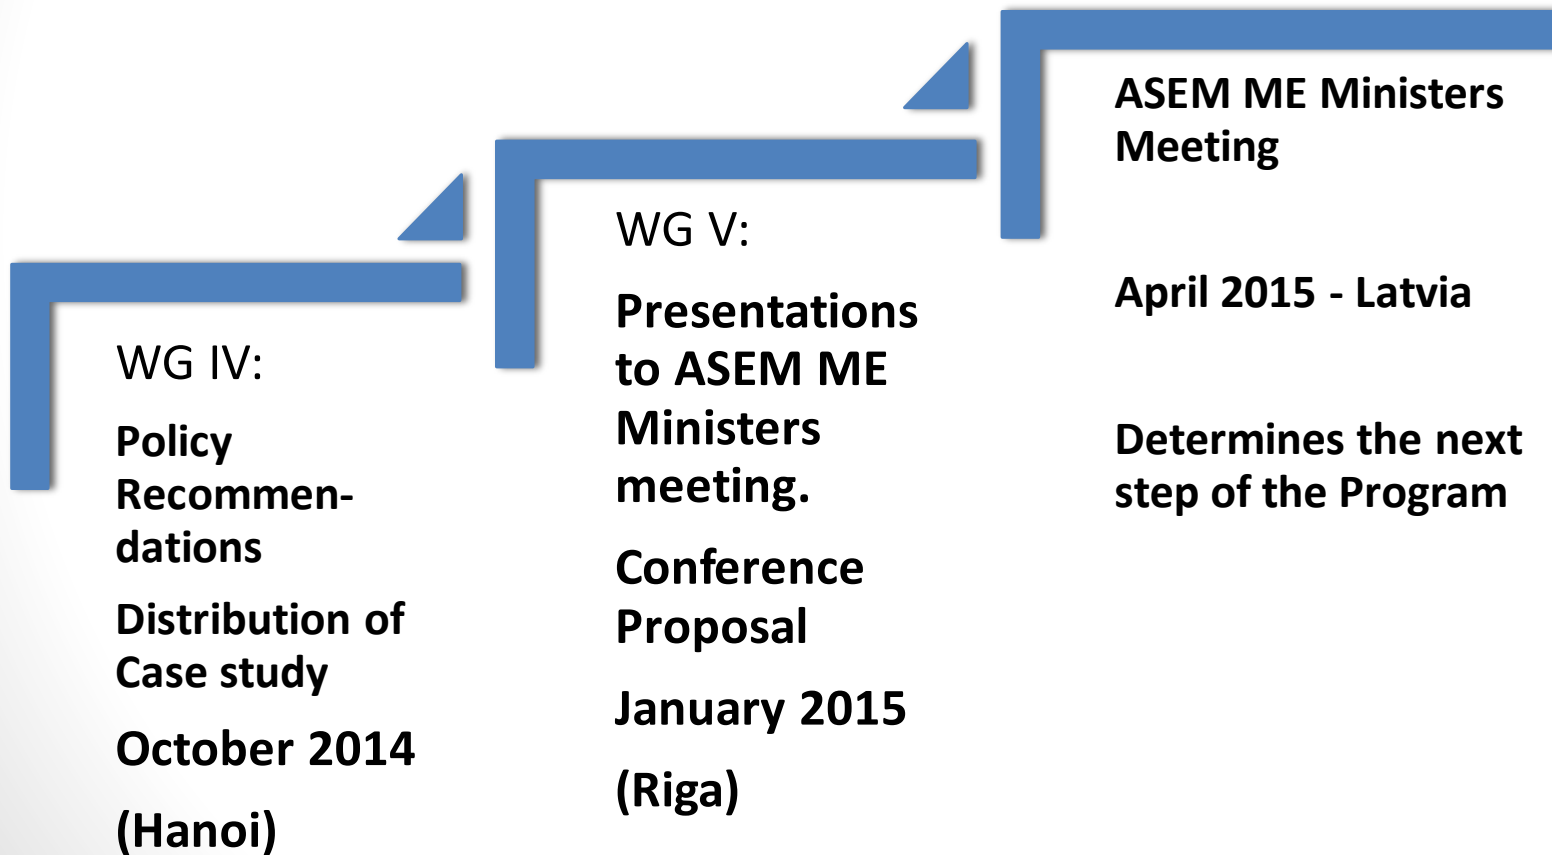

Program Time-line 2013-14

THE MINISTRY
OF EDUCATION

Asia-Europe Meeting

Foreword

The Danish Minister of Education / ms. Christine Antorini
The ASEM ME Chair / Minister of Education of Latvia

I. Introduction to the ASEM ME Education Process

Justification of program – article 34 Ministers conclusion

II. Innovative Competences and Entrepreneurial Skills Program

Introduction

Definitions

Thematics & Categories

Teacher development and Counselling

Curriculum and Didactics

Cooperation with business and community

III. Country Catalogue / see Catalogue Enclosed

IV. Learnings and Findings

Similarities

Diversities

Drivers to successful implementation

Best practice to share

V. Recommendations from the Working Group

To practitioners and policy makers

To Ministers Meeting ASEM ME 5 Latvia

Expected outcome for the OSLO WG III meeting

- Discuss and outline **important drivers** for successful project implementation in the field of Innovative competences and entrepreneurial skills (introduction will be given)
- Discuss which **joint best practices** should be communicated in our presentation of catalogue, which will be send to all ASEM ME members later this year.
- Agree on the final format of the Case study (content/size of document/design etc.)
- Start to outline which **recommendations** we will send to the ASEM ME Ministers of Education in Latvia in 2015
- The **format of the International conference** to organized for 2015 (our proposal is to have it agreed and endorsed by the Ministers meeting in Latvia before we jump into very intensive workload on this)
- Prepare for the **Hanoi – October 2014** Working Group Meeting
