ASEM Education and Research Hub
for Lifelong Learning

Current products?

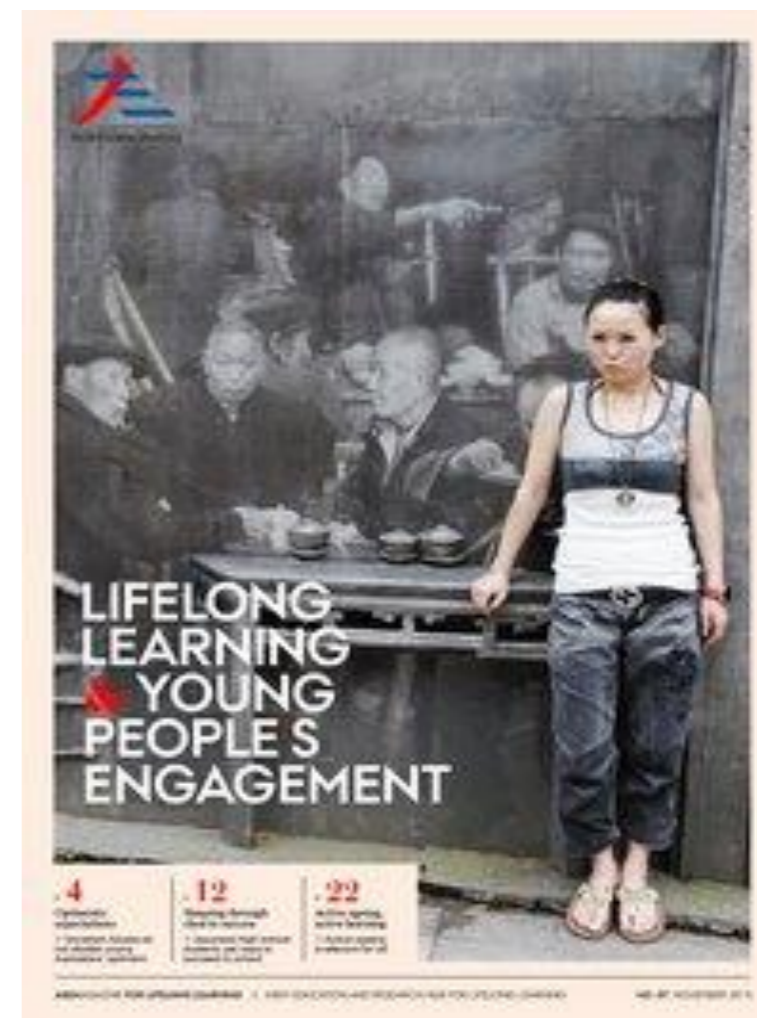

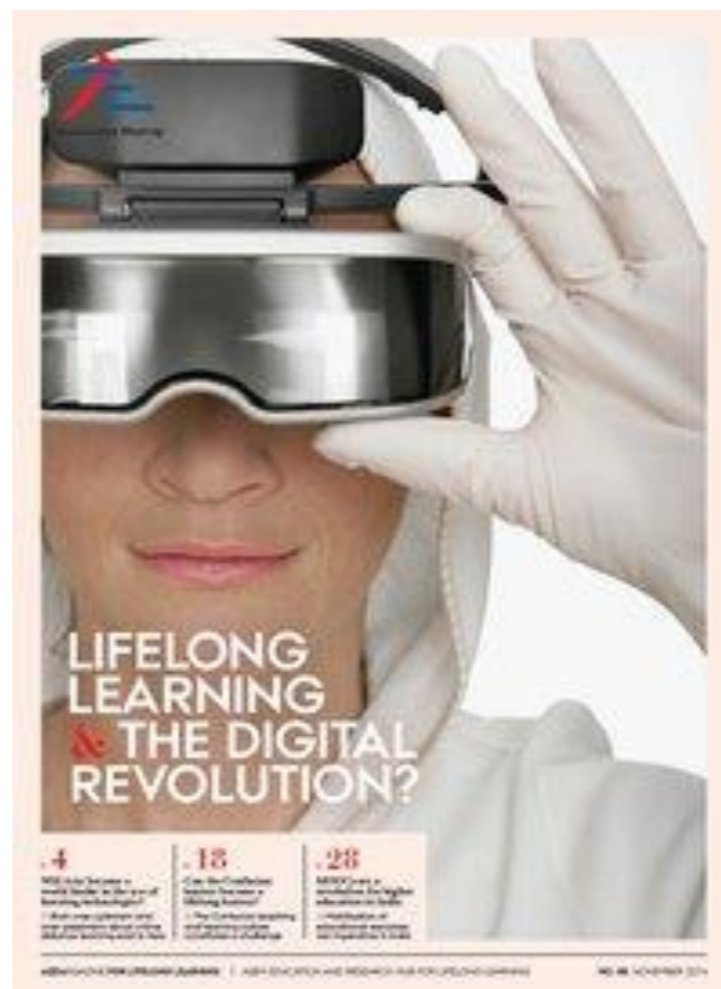

– networks, processes and tangible products

- 1. Building** networks and awareness around specific seminars, conferences and meetings with the aim of contributing to policy advice on the basis of comparative research
- 2. Issuing** books and articles, policy briefs, magazines and policy recommendations
- 3. Creating** (tangible) products: conferences, meetings and seminars bridge the gap between different understandings, create new awareness and turn diversity into an asset.

The Future Roles of ASEM LLL Hub

ASEM LLL Hubs strength has been and will be to act as:

1. a multifaceted dialogue facilitator in relation to research results, ideas and evidence,
2. a platform for research-informed policy development,
3. Tune into future trends, challenges and solutions!
