

Russia's engagement in  
Balanced Mobility:  
Case of FEFU

---

Presentation by  
Ms. Sophia Permiakova  
Far Eastern Federal University,  
Russian Federation

04 June 2018

## Academic mobility trends

### Multidirectional movement

Free and eased up  
movement of students

### Regional Localization

Rapidly advancing regional HEI

Intra-regional mobility  
mechanisms

Language and  
cultural aspects

Distant travel expenditures

## Russia's Student Mobility

Inbound mobility

Top contributors

**Former Soviet Republics**

**China**

**Other Asian countries**

Outbound mobility

**Central Europe**

**Eastern Europe**

**China**

**Germany**

Top destinations

## PROJECT OBJECTIVE

To maximize competitive position of the group of leading Russian universities on the global market of educational services and research programs

**21**

Leading Universities

**21**

Nobel Laureates

Over  
**360,000**

Students

### EXPECTED RESULTS BY 2020:

- **At least 5 Russian universities** should enter the Top 100 world educational rankings (**Times Higher Education, QS, ARWU**)
- **At least 15%** of international students in a total number of students in each university
- **At least 10%** of international professors in total faculty of each university

- **Largest university in Eastern Russia**

- **Important tool for Russia's engagement with the Asia Pacific**

- **Established Center for Asian studies**

- **Center of science, technology and innovations**

**3200 +  
international  
students,  
64% - from  
the Asia-  
Pacific**

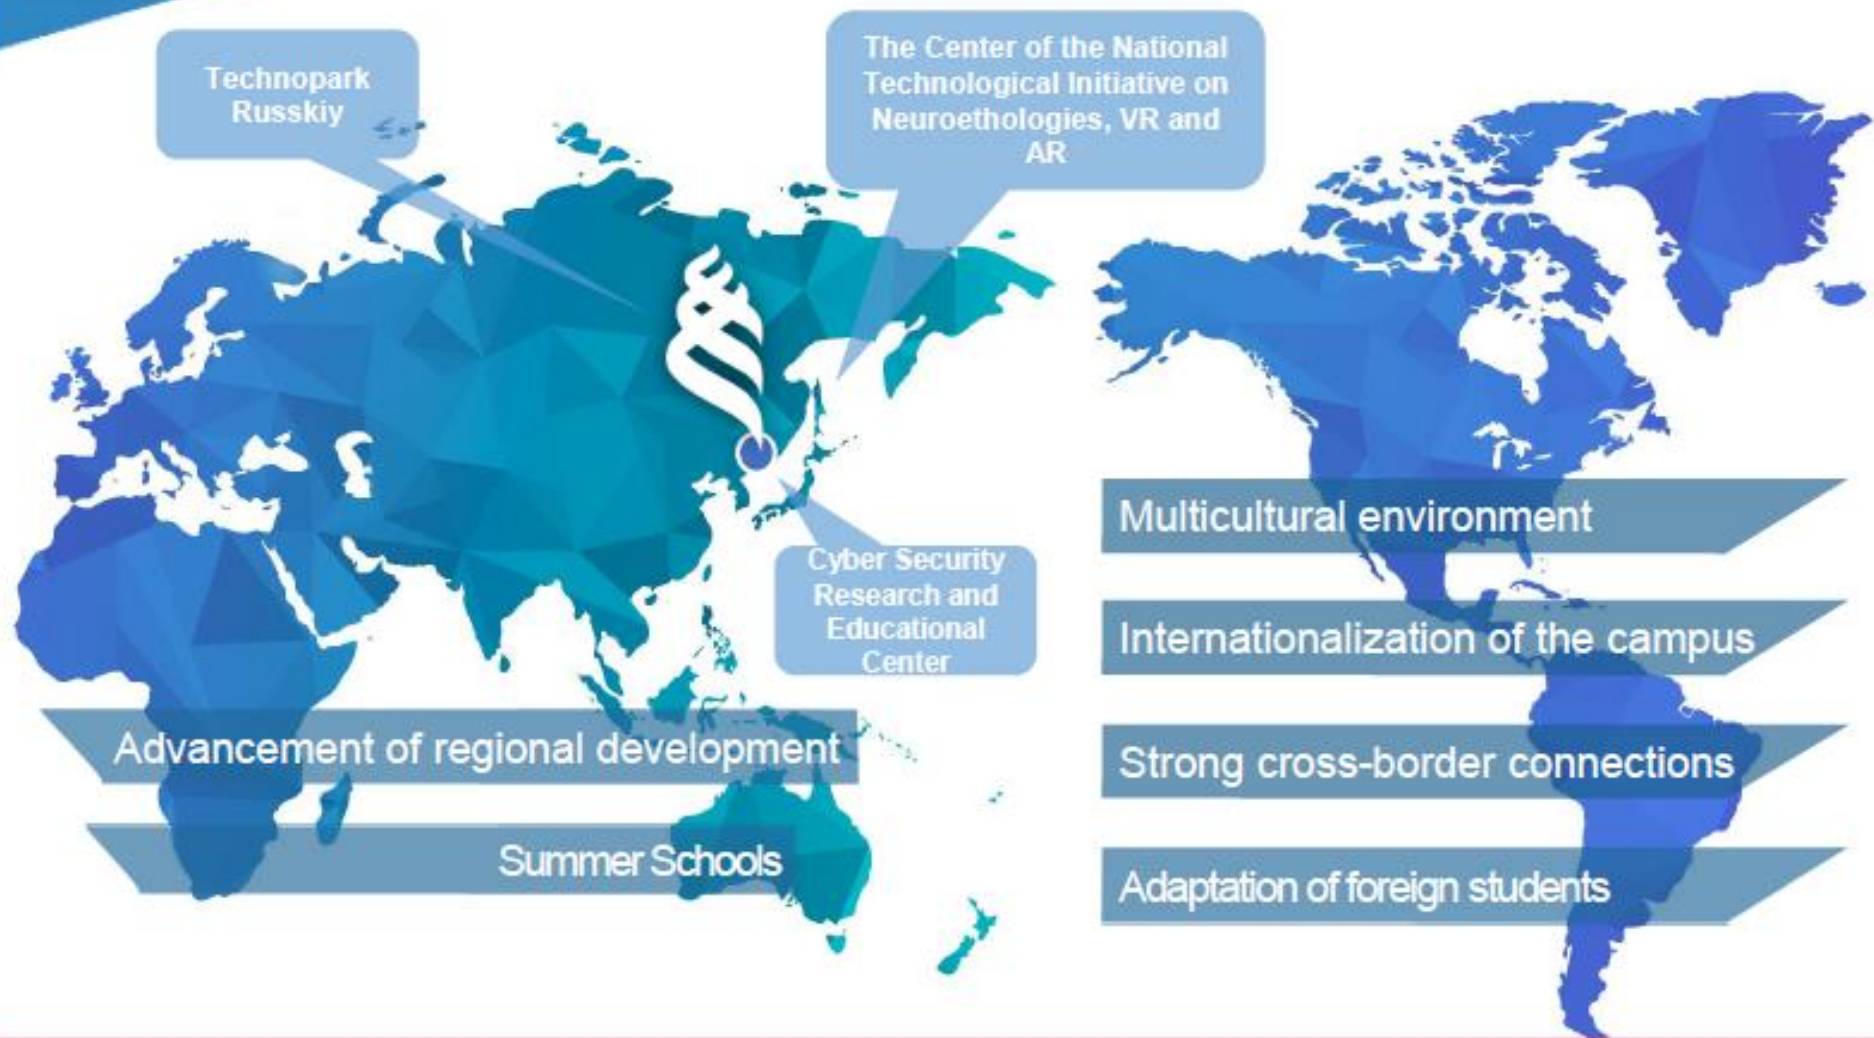

**67  
countries**

**Top incoming  
mobility countries:  
China, Colombia,  
Republic of Korea,  
Vietnam,  
Indonesia**

# Academic Mobility Strategy

**100+**

Publications  
in the field  
of Biomedicine

**10**

Scientists with a high  
international reputation  
(H-Index: 20 to 48)

Students from

**18**

Countries  
(comprising 40%  
of all students in  
medical  
programs)

## UNIVERSITY MEDICAL CENTER

- Clinical base for education and research

## PHARMA 2020 PROGRAM RUSSIAN SCIENCE FOUNDATION

- Alzheimer's disease treatment drug
- Painkillers made of neurotoxins of marine organisms
- Biocompatible materials for regeneration of nerve tissue and treatment brain injuries

## GENERAL MEDICINE BIOTECHNOLOGY

- International academic programs in English

## TOP 2

By the number of publications in the field of marine sciences in Russia

## LEADERS IN SUBMERSIBLE ROBOTICS

- Victory at the Singapore AUV Challenge Asia Underwater Robotics Championship in 2017. The team of FEFU and FEB RAS outperformed 28 teams representing the leading technical universities of 9 countries.

## 750 mln. rubles

is the budget of the Technologies of Monitoring and Management of Marine Bioresources project implemented together with the Russian Scientific Fund

## ARCTIC EXPLORATION

- In partnership with Rosneft oil and gas company, FEFU creates a Center of Excellence in the field of Arctic technologies to boost the development of the World Ocean resources.

## 25

Research laboratories established in collaboration with the leading Asia Pacific research centers

## ENVIRONMENTAL STUDIES

- Biology of Marine Invertebrates Inter-department Laboratory
- Laboratory of Chemical Ecology
- "Zapovednoe" Marine Biology Field Station.

## INTERNATIONAL MOBILITY

- Promoting programs taught in English
- Partnership programs with the APR universities
- Internships at the APR universities (1 semester-long study abroad programs)
- Project mobility: courses and modules at APRU universities

**150+** International faculty

**15** Massive Open Online Courses (MOOCs)

**49** APRU member-universities: FEFU partners

**120** Years of Oriental Studies at the University

## DOING BUSINESS IN ASIA PROGRAM

**Executive MBA** in joint cooperation with National University of Singapore

## DOING BUSINESS IN RUSSIA PROGRAM

- Brings Russia and the Asia Pacific together serving as a 'bridge'
- Provides analytical support for Russia's economic, diplomatic and socio-cultural activities abroad
- Facilitates Russia's cooperation with global and regional organizations such as APEC, ASEAN, East Asia Summit, Asia-Europe Meeting, BRICS, G20
- Maintains an extensive and long-standing network of cooperation in the fields of research and academic training in the Asia Pacific
- Promotes Russian language and culture in the region
