

ASEM, Education Senior Officials' Meeting,  
14-15 September 2021  
Outlook – new education initiatives

**Michael Graham**  
**European Training Foundation**

# ETF Network for Excellence (ENE)

- **an established network of schools, colleges and employers from EU countries, EU neighbouring countries and Africa**
- **excellence in VET is an EU priority**
- **promotes expertise and innovation in lifelong learning in VET, work-based learning, school autonomy, public-private partnerships, education-business collaboration etc.**
- **co-develops and shares methodologies and practices**

**Open to new partners in Asia and Europe**

**Contributes to ASEM Strategic Objectives:**

- **2.1, on raising VET's profile;**
- **2.2, on collaboration between business and industry.**

# ETF Skills Lab

- **a new network of experts conducting labour market research**
- **focus on skills anticipation and changing demand for skills, qualifications and occupations**
- **activities: peer-learning, co-working, sharing, capacity-building, studying EU cases**
- **outputs: sharing and applying methodologies, guides and tools on skills anticipation**

**Contributes to ASEM Strategic Objective:**

- **3.4, on bringing together expertise to anticipate the future demand for skills in both regions.**
