# Artificial Intelligence in Teaching

5th November 2024

# What is AIDE?

APU-AIDE is an initiative comprising of many projects related to Generative AI. It is a well crafted framework encompassing provision of **guidelines** for use, **advocacy**, **upskilling** and **support**

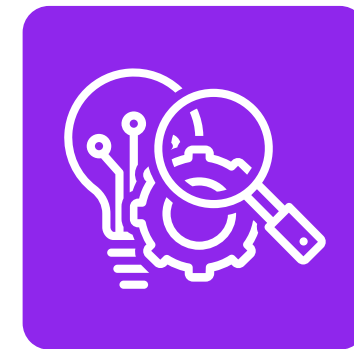

## IMPACT

Its biggest impact is the project on training modules which is a comprehensive suite of modules designed for everyday needs in academia

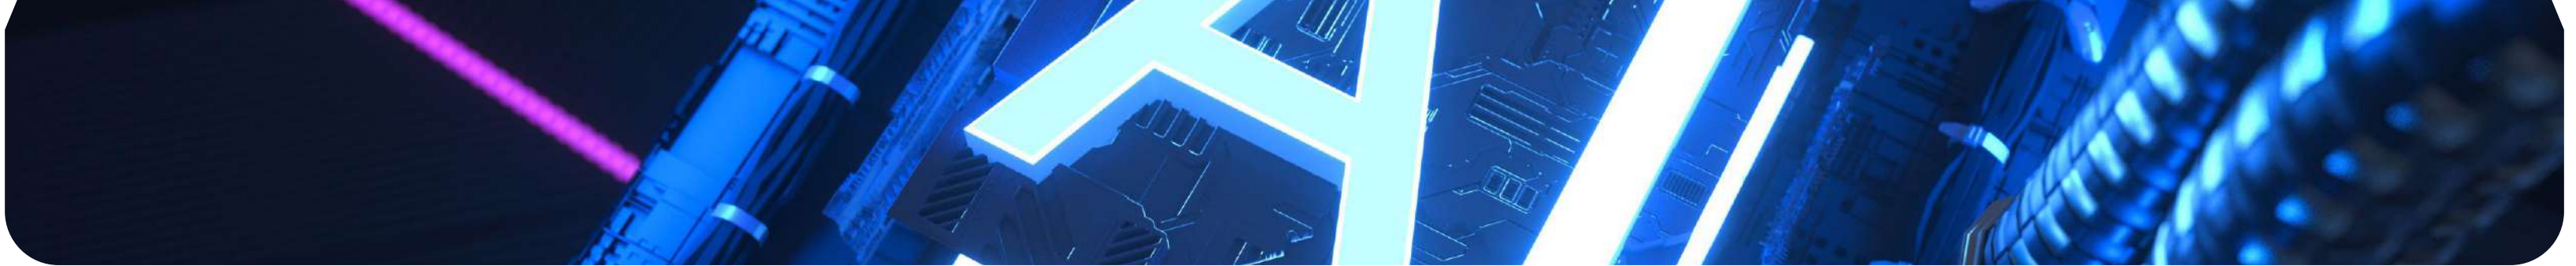

## MODULES

8 comprehensive training modules have been created by a group of APU experts and APU partners for both face-to-face and online delivery

## RESEARCH

AIDE is also into research, publications and bringing thought leaders together to chart ways forward in AI for Education

# Introduction to AIDE

**AI-RE**

AI Powered Academic Research

**AI-AW**

AI Powered Academic Writing

**AI-LD**

AI Powered Learning Design

**AI-LEARN**

AI Learning Empowerment for Acquiring Reasoning & Nurturing

**AI-TEACH**

AI Tools for Effective Academic Courses & Holistic Teaching

**AI-HP**

AI for Healthcare Professionals

**AI-GOLD**

AI for Gerontological Optimization Through Learning & Digital Assistance

**AI-LEAP**

AI for Leveraging Efficiency in Administrative Productivity

**AIDE  
Modules**

# Impact of AIDE

**5000**

Participants trained

**15**

Countries

**1000**

Students engaged

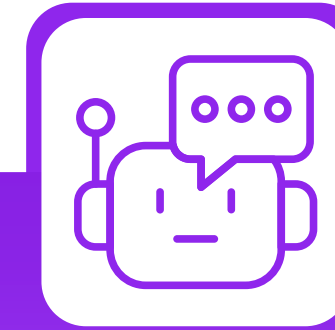

**3**

Books on AI in Education

**15**

Research articles & book chapters

**5**

Chatbots & Online Modules
